

# Mutual of America Earns #1 Rating in Investment Services

**New York, NY (August 17, 2010)** – Thomas J. Moran, Chairman, President and Chief Executive Officer of Mutual of America Life Insurance Company, announced today that Mutual of America has been ranked first in Investment Services and third in Recordkeeping and Administrative Services among service providers to plans in the \$1 million to \$10 million retirement plan market by 401kExchange. Mutual of America's high rankings were reported in the *401kExchange 2010 Mid-Year Ratings and Market Share Report*, a national survey of current customers of companies in the group employer market.

“We have been conducting this survey with tens of thousands of 401(k) plan sponsors each year for over a decade and it includes all major providers in the retirement plan market,” said Fred Barstein, founder and CEO of 401kExchange. “To achieve a top ten ranking is very difficult, but to be top rated as Mutual of America is for investment services and third for recordkeeping/plan administration shows their true commitment to client satisfaction and a clear understanding of the business.” 401kExchange provides information, research and market intelligence to the 401(k) plan industry and its service providers.

“The survey results reaffirm the importance we place on providing quality investment and administrative services to our customers,” said William S. Conway, Senior Executive Vice President and Chief Marketing Officer of Mutual of America. “We are pleased that our plan sponsors know that they can rely on our prudent management and disciplined investment strategy in selecting a service provider for their retirement plan.”

### About Mutual of America
